II. Part-time programmes – courses taken in advance, make-up courses, retaken courses, resumption of study

1. Nominal semester fees for part-time degree programmes, hereinafter marked with the symbol k_n , apply to the nominal number of ECTS foreseen in a given semester in the study programme, while the nominal number of ECTS, hereinafter referred to as $nECTS$, may amount to:
 - typically, 30 ECTS;
 - the nominal number of points in a semester is lower than 30 ECTS if the part-time study programme lasts more semesters than the full-time study programme;
 - the nominal number of points in a semester may be different from 30 ECTS in special cases.
2. Subject to sections 4-6, the individual semester tuition fee k_s for a part-time programme according to the study plan applicable to a student in a given semester, is determined with the following formula:

$$k_s = \frac{k_n}{n \text{ ECTS}} \cdot l \text{ ECTS}$$

where:

k_s –	individual tuition fee for a given semester,
k_n –	nominal semester tuition fee in a given semester
$n \text{ ECTS}$ –	nominal number of ECTS in a given semester determined in the study programme,
$l \text{ ECTS}$ –	total number of ECTS for courses completed by the student from the study programme for a given semester (i.e., in the semester he/she is registered on), from previous and subsequent semesters, and also make-up courses determined by the Dean of the Faculty, both those completed for the first time and those retaken;

3. In justified cases, the Dean may apply to the Rector to make the formula laid down in section 3 more detailed.
4. The tuition fees for part-time programmes in case **the diploma semester is retaken**, in case consultations on the diploma thesis are needed or in case **consultations of term papers are retaken** in first- and second-cycle study.

Tuition fees for part-time programmes if the diploma semester and term paper consultations are retaken		fee
1)	consultations on the diploma thesis if the last semester of study is retaken:	
	a) in first-cycle programmes	PLN 220 (lump sum)
	b) in second-cycle programmes	PLN 390 (lump sum)
2)	consultations on term papers in first- and second-cycle programmes, if needed	PLN 100 (lump sum)

5. The fees for retaking certain courses by persons following the procedure of resumption of part-time programme (**without student status**) are laid down as follows:

Fees for persons following the procedure of resumption of study without student status		fee
1)	retaking courses: tutorials, laboratories, computer classes, design classes, etc. except for lectures	PLN 22 per hour
2)	retaking lectures	PLN 180 (lump sum)
3)	consultations on the diploma thesis if the last semester of study is retaken:	
	a) in first-cycle programmes	PLN 220 (lump sum)
	b) in second-cycle programmes	PLN 390 (lump sum)
4)	consultations on term papers in first- and second-cycle programmes if retaken	PLN 100 (lump sum)

III. Full-time degree programmes in English as the language of instruction – courses taken for the first time

1. Nominal semester fees for full-time degree programmes in English as the language of instruction, hereinafter marked with the symbol k_{nang} , apply to the nominal number of ECTS foreseen in a given semester in the study programme, while the nominal number of ECTS, hereinafter referred to as $nECTS$, may amount to:
 - typically, 30 ECTS;
 - the nominal number of points in a semester may be different from 30 ECTS in special cases.
2. The individual tuition fee for full-time degree programmes in English as the language of instruction (k_{sang}) if the student **for the first time** takes courses from previous and subsequent semesters (e.g. courses taken in advance), as well as make-up courses determined by the Dean, are determined with the following formula:

$$k_{sang} = \frac{k_{nang}}{n \text{ ECTS}} \cdot l \text{ ECTS}$$

where:

k_{sang} –	individual tuition fee for a given semester,
k_{nang} –	nominal semester tuition fee in a given semester
$n \text{ ECTS}$ –	nominal number of ECTS in a given semester determined in the study programme,
$l \text{ ECTS}$ –	total number of ECTS for courses completed by the student from the study programme for a given semester (i.e., in the semester he/she is registered on), completed for the first time from previous and subsequent semesters (courses taken in advance), and also make-up courses determined by the Dean of the Faculty;

**Amounts of fees for retaking certain courses in full-time programmes
due to unsatisfactory learning progress
in the academic year 2021/2022**

1. The fee for retaking a course is the sum of fees for courses other than lectures (the product of the number of hours multiplied by the fee for one hour of the retaken course) and the lump sum for the lecture (if it is foreseen in the study programme for a given course).
2. If a course is failed, the fee for retaking the course is determined pursuant to section 3 and 4, taking into consideration the number of hours for the course determined in the study programme. The fee for retaking the course is due if the same or equivalent course is retaken.
