

WARSAW UNIVERSITY OF TECHNOLOGY

Decision no. 207/2020  
of the Rector of the Warsaw University of Technology  
of 29 September 2020

on the reduction of and exemption from selected tuition fees in the winter semester of the academic year 2020/2021

Pursuant to Article 23(1), Article 79(1) point 1 and 3 and (3) and in relation to Article 80(3) of the Act on Higher Education and Science of 20 July 2018 (Journal of Laws of 2020, item 85, as amended), Decision No. 123/2020 of the Rector of the Warsaw University of Technology of 18 June 2020 on the amounts of tuition fees and fees for other forms of education in the academic year 2020/2021 and Decision no. 89/2019 of the Rector of the Warsaw University of Technology of 24 June 2019 on the amounts of tuition fees and fees for other forms of education in the academic year 2019/2020, it is hereby decided as follows:

ARTICLE 1

This decision shall apply to the students referred to in Appendix 1 and 2 to Decision no. 123/2020 of the Rector of the Warsaw University of Technology of 18 June 2020 on the amounts of tuition fees and fees for other forms of education in the academic year 2020/2021, and in Appendix 1 and 2 to Decision no. 89/2019 of the Rector of the Warsaw University of Technology of 24 June 2019 on the amounts of tuition fees and fees for other forms of education in the academic year 2019/2020.

ARTICLE 2

1. In connection with the COVID-19 epidemic, the amounts of fees for classes delivered remotely in place of classes planned as room-based classes, in the part-time study programs and in the full-time study programs in English, are hereby reduced by 15% in the winter semester of the academic year 2020/2021.
2. The reduction of the fees established under the decisions of the Rector of the Warsaw University of Technology referred to in Article 1 shall be calculated based on the following formula:

$$O_{opt} = 0.15 * k_n * \frac{lgz}{lgo}$$

$O_{opt}$  - reduction of the tuition fee for the semester for students in the given semester

$k_n$  - the nominal value of the tuition fee in the given semester established under the decisions of the Rector of the Warsaw University of Technology referred to in Article 1

$lgz$  - the number of classes delivered remotely in the entire nominal semester.

$lgo$  - the total number of classes in the entire nominal semester.

3. The fees referred to in Article 1 that have been paid for the winter semester in the amounts applicable so far shall be considered as an overpayment as regards the difference between the amount of the reduced fee and the amount of the fee already paid, and shall be returned or counted towards the future fees.

ARTICLE 3

1. Students who experience financial hardship or personal difficulties due to the coronavirus (COVID-19) epidemic may apply for exemption from the fees referred to in Article 1, in the amount no higher than 35% of the fee amount established in the applicable decision of the Rector of the Warsaw University of Technology indicated in Article 1.
2. A justified application referred to in point 1 above should be submitted in person or by e-mail to the dean or the head of the college, respectively, no later than on the last day of the winter semester of the academic year 2020/2021.
3. Such application will be accepted or rejected upon considering the financial condition of the unit conducting the study program, and will be in the form of a written decision of the dean or the head of the college.
4. The person who have submitted the request will receive the information on the decision referred to in point 3 by e-mail.
5. In the event of exemption from the fees referred to in Article 1 is granted, as provided for in points 1-4, the fee paid for the winter semester in the amount applicable so far shall be considered as an

overpayment as regards the difference between the amount after the exemption and the amount of the fee already paid, and shall be returned or counted towards the future fees.

#### ARTICLE 4

This Decision shall enter into force on the day of its signature.
