II. Part-time programmes – courses taken in advance, make-up courses, retaken courses, resumption of study

1. Subject to sections 3-4, the individual semester tuition fee (k_s) for part-time programmes according to the study plan applicable to a student in a given semester, is determined with the following formula:

$$k_s = \frac{k_n \cdot l.sem.}{n ECTS} \cdot l ECTS$$

where:

k_s –	individual tuition fee for a given semester,
k_n –	semester fee for the study (tuition fee),
$l.sem.$ –	number of semesters determined in the study programme,
$n ECTS$ –	number of ECTS determined in the study programme,
$l ECTS$ –	total number of ECTS for courses completed by the student from the study programme for a given semester (i.e., in the semester he/she is registered on), from previous and subsequent semesters, and also make-up courses determined by the Dean of the Faculty, both those completed for the first time and those retaken.

2. In justified cases, the Dean may apply to the Rector to make the formula laid down in section 1 more detailed.
3. The tuition fees for part-time programmes in case **the diploma semester is retaken**, in case consultations on the diploma thesis are needed or in case **consultations of term papers are retaken** in first- and second-cycle study.

Tuition fees for part-time programmes if the diploma semester and term paper consultations are retaken		fee
1)	consultations on the diploma thesis:	
	a) in first-cycle programmes	PLN 220 (lump sum)
	b) in second-cycle programmes	PLN 390 (lump sum)
2)	consultations on term papers in first- and second-cycle programmes	PLN 100 (lump sum)

4. The fees for retaking certain courses by persons **without student status** following the procedure of resumption of part-time study (also applies to curriculum differences) are laid down as follows:

Fee for persons following the procedure of resumption of study without student status		fee
1)	courses: tutorials, laboratories, computer classes, design classes, etc. except for lectures	PLN 22 per hour

4)	consultations on term papers in first- and second-cycle programmes	PLN 100 (lump sum)

III. Full-time degree programmes in English as the language of instruction – courses taken for the first time

The individual tuition fee for full-time degree programmes in English as the language of instruction (k_{sang}) if the student **for the first time** takes courses from previous and subsequent semesters (e.g. courses taken in advance), as well as make-up courses determined by the Dean, are determined with the following formula:

$$k_{sang} = \frac{k_{nang} \cdot l.sem.}{n ECTS} \cdot l ECTS$$

where:

k_{sang} –	individual tuition fee for a given semester,
k_{nang} –	semester fee for the study (tuition fee),
$l.sem.$ –	number of semesters determined in the study programme,
$n ECTS$ –	number of ECTS determined in the study programme,
$l ECTS$ –	total number of ECTS for courses completed by the student from the study programme for a given semester (i.e., in the semester he/she is registered on), from previous and subsequent semesters, and also make-up courses determined by the Dean of the Faculty, both those completed for the first time and those retaken.

**Amounts of fees for retaking certain courses in full-time programmes
due to unsatisfactory learning progress in the academic year 2022/2023**

1. The fee for retaking a course is the sum of fees for courses other than lectures (the product of the number of hours multiplied by the fee for one hour of the retaken course) and the lump sum for the lecture (if it is foreseen in the study programme for a given course).
2. If a course is failed, the fee for retaking the course is determined pursuant to sections 3 and 4, taking into consideration the number of hours for the course determined in the study programme. The fee for retaking the course is due if the same or equivalent course is retaken.
3. The fees for retaking certain courses **by the student** in full-time programmes due to unsatisfactory learning progress are laid down as follows:
