## Tuition fees in part-time programmes and full-time programmes in English as the language of instruction

I. The tuition fees presented below (Table 1) for education in part-time programmes and in full-time programmes in English as the language of instruction shall be the basis of calculating the individual semester fee ( $k_s/k_{sang}$ ) according to the formulas:

1. The individual semester tuition fee **for part-time programmes** ( $k_s$ ) according to the study plan applicable to a given student in a given semester includes courses taken for the first time, i.e.:

- from the semester they are registered on and previous ones,
- courses taken in advance,
- make-up courses,

**and retaken courses** taking into consideration point II, and is determined with the following formula:

$$k_s = \frac{k_n \cdot l.sem.}{n ECTS} \cdot l ECTS$$

where:

$k_s$ –	<b>individual semester tuition fee,</b>
$k_n$ –	amount in PLN from Table 1,
$l.sem.$ –	number of semesters determined in the study programme,
$n ECTS$ –	number of ECTS determined in the study programme,
$l ECTS$ –	total number of ECTS of a given student, i.e., for the courses completed for the first time (from the semester they are registered on and previous ones; courses taken in advance; make-up courses) and retaken courses.

In justified cases, the Dean may apply to the Rector to make the above formula more detailed.

2. The individual semester tuition fee **for full-time programmes in English as the language of instruction** ( $k_{sang}$ ) according to the study plan applicable to a student in a given semester includes **only** courses taken **for the first time**, i.e.:

- from the semester they are registered on and previous ones,
- courses taken in advance,
- make-up courses,

and is determined with the following formula:

$$k_{sang} = \frac{k_{nang} \cdot l.sem.}{n ECTS} \cdot l ECTS$$

where:

$k_{sang}$ –	<b>individual semester tuition fee,</b>
$k_{nang}$ –	amount in PLN from Table 1,
$l.sem.$ –	number of semesters determined in the study programme,
$n ECTS$ –	number of ECTS determined in the study programme,
$l ECTS$ –	total number of ECTS of a given student, i.e., for courses completed for the first time (i.e., from the semester they are registered on and previous ones; courses taken in advance; make-up courses).

The fees for courses retaken in full-time programmes in English as the language of instruction due to unsatisfactory learning progress are laid down in Annex no. 2.
