Tuition fees for education in part-time programmes, full-time programmes in English as the language of instruction, and full-time programmes in Polish as the language of instruction

- I. The tuition fees presented below (Table 1 and Table 1a) for education in part-time programmes, full-time programmes in English as the language of instruction, and full-time programmes in Polish as the language of instruction shall be the basis of calculating the individual semester fee (k_s) according to the formulas:
1. The individual semester tuition fee **for part-time programmes** (k_s) according to the study plan applicable to a given student in a given semester includes courses taken for the first time, i.e.:
- from the semester they are registered on and previous ones,
 - courses taken in advance,
 - make-up courses,
- and retaken courses** taking into consideration point II, and is determined with the following formula:

$$k_s = \frac{k_n \cdot l.sem.}{n ECTS} \cdot l ECTS$$

where:

k_s –	individual semester tuition fee
k_n –	amount in EUR from Table 1 and Table 1a
$l.sem.$ –	number of semesters determined in the study programme
$n ECTS$ –	number of ECTS determined in the study programme
$l ECTS$ –	total number of ECTS of a given student, i.e., for courses completed for the first time (i.e., from the semester they are registered on and previous ones; courses taken in advance; make-up courses) and retaken courses

In justified cases, the Dean may apply to the Rector to make the above formula more detailed.

2. The individual semester tuition fee **for full-time programmes in English or Polish as the language of instruction** (k_s) according to the study plan applicable to a given student in a given semester includes **only** courses taken **for the first time**, i.e.:
- from the semester they are registered on and previous ones,
 - courses taken in advance,
 - make-up courses,
- and is determined with the following formula:

$$k_s = \frac{k_n \cdot l.sem.}{n ECTS} \cdot l ECTS$$

where:

k_s –	individual semester tuition fee
k_n –	amount in EUR from Table 1
$l.sem.$ –	number of semesters determined in the study programme
$n ECTS$ –	number of ECTS determined in the study programme
$l ECTS$ –	total number of ECTS of a student, i.e., for the first time (i.e., for the semester they are registered on and previous ones; courses taken in advance; make-up courses)

The fees for courses retaken in full-time programmes in English or Polish as the language of instruction due to unsatisfactory learning progress are laid down in Annex no. 2.
